**National Historic Trail Designation Task Force Report**

GOAL	2022 STATUS	NEXT STEPS FOR 2022
------	-------------	---------------------

<p><b>Goal 1 – Establish a National Historic Trail Designation Task Force to secure Federal designation of Route 66 as a National Historic Trail.</b></p>	<p><b>9/30/22 Update Report</b>  In August, the Chair of the Road Ahead met in person with Congressman LaHood to seek additional assistance in moving legislation to designate Route 66 a National Historic Trail forward. The goal is to schedule the Trail Bill, which has already passed out of Committee, for a full vote on the floor of the House of Representatives. Members of the California Route 66 Association have assisted through contacts made with the bill’s co-sponsor, Representative Napolitano. Efforts have also been made to prepare for moving the bill forward in the Senate. Time is running short in this session of Congress, but efforts will continue.</p>	<p>Ensure all possible steps are taken for the bill to pass the House and Senate during 2022.</p>
---	---	---

	<p>4/30/22 Update Report: Legislation to designate Route 66 a National Historic Trail has unanimously passed out of Committee in the House and awaits a vote – hopefully per the unanimous consent process. It then still needs to be re-introduced in, and passed by, the Senate.</p> <p>3/31/2021 Update Report: Progress was not made in the last Congress to successfully pass legislation to designate Route 66 a National Historic Trail. With the start of a new Congress in 2021, staff in the office of Congressman Darin LaHood [R-IL] has been working with Democratic staff from the House Natural Resources Committee to resolve differences regarding language in the Trail bill. Democrats would like energy and eminent domain language removed. Republicans wish to keep this text in the bill. The Road Ahead has communicated its desire to have the language removed in order to move the bill forward via what is now a Democrat controlled committee.</p>

**Conclusion**

The Route 66 Road Ahead Partnership will continue to focus on national, “whole-road” issues throughout the remainder of 2022. Primary attention will be on securing National Historic Trail status, planning for the newly enacted national Route 66 Centennial Commission, and each of the other goals identified above.

We have successfully established our new organization – and we have *planned our work*. Now comes the challenging task of *working our plan*. This is not easy and it will be a long journey, but traveling it together will bring us to the destination we seek on the road ahead.

Onward and upward... Bill Thomas, Chairman - Route 66 Road Ahead Partnership
